**SUNOM**

**CONTRADICTIONS EP**

w + p by Thomas Medicus

- 1 Purple Place
- 2 Spinning
- 3 Eat8ord3er
- 4 Storm

After some years of dark mars voyages, Innsbruck-based Sunom has located rather tranquil music styles on other planets. The journey led to more individual and experimental sounds, such as hashed beats and breaks or liquid spheres and even raspy singing. Never the less he only profits from the earth's air which transports acoustic noise by 1234,8 kilometers per hour. This phenomenon has already been used by other musicians.
